Under 18s Officer

Local Party:
North Northamptonshire Green Party

Candidate Statement

I am running for Under 18s Officer on EC because I believe that I have the skills and experience to best represent the Under 18 experience and fight for our voices to be heard. I am currently a Non-Portfolio Officer on the Under 18s Committee, a role to which I started in September last year. Along with my other talented colleagues, we have revitalised the Under 18 group from a period of relative inactivity; with a strong social media presence and hosting the recent "Young People & COP 26" talk, the Under 18s Greens most successful event to date.

I am hoping to continue this legacy in this newly-created role on the Executive Committee (EC), which was created in part due to a push from myself and other Under 18s to get Affiliated Groups onto the EC. In this role, I hope to work with other EC members for a variety of causes that may arise in the course of our term, but always bringing an Under 18 perspective to all we encounter, and working with other Liberation Officers for a cross-sectional approach to the Young Greens - we are a beacon of Social Justice in the Green Party and we must remain that way.

I also have some other experience from the Green Party that will help me in this role: I am currently the Young Greens Officer & Election Campaigns Officer for the North Northamptonshire Greens - the latter of which I organised the campaign that led to our first ever Green councillors in Northamptonshire, 3 gains from Conservative! This shows that I know what we need to do to continue winning and being at the forefront of British politics, as Britain's new 3rd party. I am also Regional Lead for the Midlands with the LGBTIQA+ Greens, a role I share with an amazing individual and we are just in the starting process of setting this up - something that is very exciting for the LGBTIQA+ Greens and myself - I believe this gives me more experience as I know how to be in an organisational position in the Party, something the Young Greens EC undoubtably is.

I appreciate you reading this statement of mine, and hope you consider giving me your vote for this incredibly important role.
