CA2 Henry Leutner

Agenda item: E.1.6 Campaigns Officer (x1)

Which role are you applying for?:
Campaigns Officer

Local Party:
Shepway (Folkestone and Hythe)

Candidate Statement

Having grown up in an off-grid eco house, I've been conscious of sustainability from a young age. Throughout my teenage years, I've become more politicised, especially since protesting in Canterbury as part of Greta Thunberg's Youth Strikes for Climate. I was inspired to see so many young people campaigning in solidarity to tackle the climate crisis for a brighter, fairer future.

Since then, I have introduced sustainability plans at work, and have made changes in my own life to combat global warming. In 2020, I joined the Green Party. This was as a result of their serious commitment to sustainability, coupled with their progressive stances on social issues.

I have since enjoyed leafletting for my local candidate in our upcoming Kent County Council elections.

I would like to apply for Young Greens' campaign officer because I can use my experience of working in social media, and campaigning on the doorstep, to help spread the word of the amazing work that greens are doing and – more importantly – can do with more votes. I'm a smart, creative thinker, and would love the opportunity to bring fresh and exciting ideas to the green cause that I'm so passionate about.
