Candidate Statement

As we move forwards out of the Coronavirus, we need to ensure that the Young Greens can move from strength to strength with bold, progressive leadership.

Over the past two years, I've been fortunate enough to be part of this movement as Co-Chair and then Chair of this Committee, ensuring that we have strong grassroots, member-led democratic accountability structures. I've been sure to hold our elected representatives to account at every stage, making sure that the Constitution and Standing Orders are followed and respected at all levels.

Over the next year, I would love to work with the rest of the Democracy and Accountability Committee to strengthen our structures, whilst working with our fantastic Liberation Groups and Executive Committee to build momentum for internal democracy and our grassroots movement!

I've attended the vast majority of Executive Committee meetings this year, to ensure strong connections between the committees, and have facilitated the running of the December Emergency General Meeting, and quarterly accountability and report sessions. Plus, I've worked hard with the rest of DAC to facilitate the running of this really exciting Convention and Annual General Meeting 2021!

With my substantial previous experience on the Committee, I think I'm really well placed to build the power of this movement through our grassroots structures, ensuring all members are supported to have their say.

If elected, I can't wait to get going in the next term!
