Candidate Statement

As a current campaigner and Door-knocking co-ordinator for the Gwent Green Party I would love to be more involved with the young greens, my goal and aim as a Green Party member has been to get more young people involved within the party and outside. As part of the Campaign Team for Newport in South Wales I recently helped Amelia (Deputy leader of the Green Party) at the senydd Elections and was also at the Count. I really want to expand my roles within the party.
