IN2 Sarah Victoria Sharp

Proposer: Sarah Sharp (Oxford Green Party)
Agenda item: E.1.8 International Officer (x1)

Which role are you applying for?:
International Officer

Local Party:
Oxford Green Party

Candidate Statement

I have loved being your international officer this last year and am asking to represent you again this year to build on the connections and momentum I have created.

I have focused on strengthening our relationship with the Federation of the Young European Greens and Global Young Greens in the following ways:

- I have attended 2 General Assemblies for FYEG, representing our views there and strengthening connections with fellow European Young Greens
- I have facilitated the following MO to MO trainings: E.g. Albanian Young Greens and Serbian Young Greens
- Supported a mentor scheme for the East Africa Academy by providing mentors for the Kenyan Young Greens
- Organised events with Natalie Bennett and Molly Scott Cato on the topics of Hong Kong Human Rights and Sustainable Agriculture
- Provided support for candidates for Global Young Greens and FYEG EC

I would love to build on the connections I have made this year if you choose me as your next International Officer. My focus will be on:

- Creating an International Working group straight away to increase capacity to put on more events and have a wider range of opportunities
- Focus on build up to COP26 including conducting events with our Mother Party
- Increase joint events with other Young Greens across the world, including networking events and knowledge sharing events
- Learn from other country's organisations on diversity, campaigning and effective comms
- Increase access to global opportunities for our members: e.g. writing for Ecosprinter (FYEG's online magazine), internships etc
